Dear Federal Communications Commission,

I have written this letter to you concerning Air 1 Radio Station. Air 1 is on of the greatest radio stations America has ever seen, and desperately needs to stay on the air in every city it currently is in. This Christian radio station is needed in ever single city in the united states and even the world! The Lord God created the United States to be a witness of His grace to the entire world, and America is failing that calling desperately with all the immorality going on the United States. We need to focus on our Lord and Savior Jesus Christ and fight the good fight once again. And the FCC could be a great tool for the Lord to use to bring this nation back to it's historical Godly roots!

The Effects of Christian radio stations call people to live a life devoted to God and give people hope for life and peace! It has even brought many people to stop from committing suicide, hurting others and live lives of repentance. What other kind of radio stations have you heard this news from? Only ministries that work for the will of God can change lives for the better, but our nation is promoting many evils and declines to the moral stature of our society. The Christian foundations uphold the moral and structural fabrics of our society, without which we are doomed! This is why I say the FCC should band secular and ungodly music, which his all over the shelves at your local music store which promote Satanism and witchcraft, and the FCC should promote and give more air space to Christian radio station like Air 1!

Millions in every city are interested in Air 1, and the more that people listen the more it changes their lives and shows them a place for truth and peace from a world that is so demanding of them. More then this, I know Air 1 radio station is a interest to God Almighty because it glorifies Him, and that is what we as Americans should be doing, instead of living for temporal things like money and possessions which will one day fade away, we should be living to serve the one true God of heaven and earth!

Thank you very much and God bless you,

Nancy Spence

To Whom It May Concern:

I listen to K-love on 91.1 and I am concerned that the LPFM will take priority over the current FM translator service. K-love provides my family and I with uplifting music, in fact K-love is the only station I listen to. I know that when I turn on my radio I don't have to worry about being offended by certain language or songs.

I think it is in the publics' best interest to have stations like K-love where my families needs are being represented. I know lots of people in my area listen to K-love. I can tell by all the bumper stickers! If K-love is displaced by this new service we will not have any radio station worth listening to.

Thank you for the opportunity to tell you about the great radio station I listen to. Hopefully LPFM stations will not take a priority over current FM translator services, and I will still be able to listen to a station that is beneficial to me and my community.

If you require further information from me I can be reached at (303) 460-7822.

Sincerely,

Chris Williamson

To Whom it concerns,

I am writing in reference to "M.B. Docket No. 04-233." I live on the outskirts of the Portland Metro area. With our mountainous terrain, I can barely get 88.7 the K-LOVE radio station. Just 5 more miles further to the east and it's lost altogether. I rely on K-LOVE each & every day for their inspiring worship music. I do not listen to any other music, but Christian. With all the social problems and decaying ethics and morals today, it's my daily encouragement and remain glint of sanity. The North West area up here announced that we have the lowest % of Christians in the whole country. This radio station and others like it are the lighthouses for the lost and misguided, and even suicidal people in search of the great foundational rock

2 Christ Jesus himself. Their system of translators enable truckers and other weary travelers across this vast country, with many desolate areas to reach the message thru Christian music. I could fill up this entire book with the testimonies I've heard about truckers on the verge of being unfaithful to their spouses, and by some strange force of circumstances, happen to "dial in K-LOVE and come to realize that there is more at stake here than just a moment's pleasure. The songs have given a new commitment to those who just needed to be reminded about what's at stake down here, not just possibly jeopardizing a home and family, but the mental & health risks involved too.

I have also heard about teens who were diverted from suicide thru the message of the music too.

The list goes on & on.

Even gang members, bikers, ~~satan~~ satan followers, occult members, and prisoners have come to be born again and rededicate their lives in a positive way, with the help and inspiration that an easily accessible media like this radio station can inspire and transform.

No doubt that you too, have seen stories of people who claim to of mimicked a song, and proceeded to commit a crime against humanity, or even just intimidate others with their vile hatred.

Have you ever heard of any such claims about Christian music inspiring any acts of violence?

Please consider carefully the ramifications of even a few whom may be at the cross roads that will affect their futures forever even possibly. Would you deny a young child perhaps? Someone like even Hitler, who's Sunday school teacher said that he was to evil

4
to be able to attend classes with
the other children. Oh, how the
~~old~~ world may be so different
now, if only someone hadn't given
up and refused to nurture a growing
child with influence of Christian
based themes.

Our K-LOVE staff have been
faithfull in spreading the message,
with as minimal expenses as
possible thru the use of translators.
This is a listener funded station,
with out any outside influences
from commercial sponsored broadcast.

I, myself have continually,
month, after month, year after year
done my share to ensure that those
out there listening, as well as my-
self, have available to them, the
threads that at times keep us
from falling apart, or even just
a reminder, that were all account-
able at sometime for our actions.

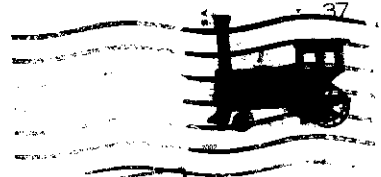

May Gods speed be with you as
you argue for no changes. Jim Tomignat

DOCKET NO. 04-233

Dear FCC,

Subject: MB Docket No. 04-233

My work schedule does not allow me to go to church. K-Love brings Jesus Christ to me in my car when I turn on the radio. K-Love music feels me up with good feelings and love when I'm empty. It helps me to be in harmony with work, the people at work, with the people in the community, and it helps me to be in harmony at home. K-Love gives me great hope because of their rescue mission true stories about homeless people. I really need K-LOVE to stay on the air. I would be lost without it. K-LOVE is very encouraging and positive. I have a mental disability and K-LOVE helps me out a great deal. It gives me hope. It gives me strength to carry on.

Sincerely,

Genna

RE: MB Docket No. 04-233

Dear FCC:

I am writing with regard to MB Docket No. 04-233. K-LOVE is a very important part of my daily life and is a blessing to me and my family. Our community would suffer if K-LOVE is replaced by an LPFM broadcaster providing other broadcasting. The people of this area, including my family would greatly miss K-LOVE if it is disrupted. K-LOVE provides a needed service to our community by offering a family friendly encouraging alternative to radio listening.

Re: **MB Docket No. 04-233**

To the Commission:

I am writing to advise you of my strong opposition to the proposal that would allow LPFM stations to take priority over current FM translator service operations. I am a daily listener to the listener-supported K-LOVE network on frequency FM 91.1, and I can not overstate the impact that the K-LOVE broadcast operations have in the Denver, Colorado area. In a time when commercial stations compete for advertising dollars and attempt to be "popular" with societal trends to boost their listening audience, it is a refreshing relief to have a listener-supported station in this area. By my voluntary support financially and by listening and sharing the K-LOVE network with others, I know that a family-oriented format which offers positive and encouraging support to listeners across the nation will be able to continue broadcasting.

I do not understand the technical issues involved with LPFM operations, but I can assure you that the replacement of a strong, family-oriented network such as K-LOVE would be both an unfair infringement on K-LOVE's on-going operations, and more importantly would deny the listeners of K-LOVE to freely choose the style and content of their chosen preference in the radio network world.

Please give this matter your utmost scrutiny, and I urge the Commission, upon final review, to protect the on-going operations of networks such as and including K-LOVE, and to prevent a priority status being given to any LPFM service.

Thank you for listening to a single voice in a sea of dedicated K-LOVE listeners.

Sincerely,

James E. Hurley

THIS IS A LETTER CONCERNING
MB Docket No. 04-233. If LPFM
is given priority over FM translator
service you could leave a lot of people
w/out our K-LOVE signal. K-LOVE
is a Christian radio station serving
residents in local communities everywhere.
I love K-LOVE and would be disappointed
if I could no longer listen to it. There are
very few, if any, radio stations that
play wholesome music. Music which
supports family and moral values.
Please, do not contribute to K-LOVE
being forced off the air. I would
probably cry.

We hope you are having a great day!
We listen to K-LOVE on 88.7 89.7 and 98.3.
It is the only station we listen to at home
and I am a truck driver who listens to the
translator stations as I travel. It is a
safe programmer with inspiring and uplifting
programming for the whole family.

The effect on the local community, if
K-LOVE were to be displaced by an LPFM

would be negative because many listeners
depend on the encouragement given by
K-LOVE.

I truly believe the service provided
by K-LOVE influences ~~pe~~ the listening

To Whom This Concerns:

We urge you, to do ALL that you can to make sure that K-LOVE Radio 89.7FM in our area continues to be broadcast to our homes and cars! There is tremendous value nationally and regionally in K-LOVE radio programs. Our entire family can listen to ALL the programs/music 24-7, without fear of any inappropriate or offensive remark. We support wholesome family traditional values, and K-LOVE has a positive and encouraging impact on our family and our community, and communities across America! Our family listens to K-LOVE, along w/ CSN during the day in our home and while we drive, and listening, cheers us and promotes conversations, in a very stressful world and circumstances. I know MANY people who listen to K-LOVE, and I also see many K-LOVE stickers on vehicles.

We urge you not to allow the new LPFM stations to take priority over K-LOVE radio. We have listened to K-LOVE (and CSN) for 20 yrs. Please don't let it disappear!

To whom it may concern;

I have just been notified by my radio station that you are considering taking it off the air in my area! This is not good! I believe if K-Love 96.1 were taken off the air my life and other lives would be greatly affected. This is the only station in my area that is non-commercial. I want to hear music not ads for products. We have way too many stations that play hard rock, tell dirty stories, and cuss continually! My son and anyone else can listen to K-Love and not hear any of that offensiveness. We get enough of ~~that~~ those bad examples in everyday life and on television. We need some place to go to get wholesome christian language and music. Please continue to broadcast K-Love on my radio station 96.1. It helps me be a good example to those around me.
